### **RULES - Nancy Freudenberg**

**N-1.** Amendments to Chapter 13, "Program Evaluation". These proposed amendments clarify the programs that are reviewed by the Department of Human Services Quality Control Bureau. These amendments also update forms that are required in that process and remove obsolete forms.

**N-2.** Amendments to Chapter 77, "Conditions of Participation for Providers of Medical and Remedial Care," Chapter 78, "Amount, Duration and Scope of Medical and Remedial Services," and Chapter 83, "Medicaid Waiver Services". The Department is clarifying the Brain Injury (BI) Waiver provider qualifications to align with the services and supports that are rendered by qualified brain injury professionals and accredited brain injury rehabilitation programs.

**N-3.** Amendments to Chapter 79, "Other Policies Relating to Providers of Medical and Remedial Care," Chapter 80, "Procedure and Method of Payment," and Chapter 81, "Nursing Facilities." These proposed amendments provide updated form names, numbers and terminology and remove references to form names and numbers that are no longer in use.

**N-4.** Amendments to Chapter 86, "Healthy and Well Kids in Iowa (HAWK-I) Program". The proposed amendments add language to reflect the Department's implementation of a passive managed care enrollment. HAWK-I- eligible individuals will be passively enrolled with a managed care plan; however, the effective date will remain consistent with current practices. The proposed amendments also add necessary definitions, revise the time frame for a decision on eligibility, clarify policy on when a waiting period does not apply, revise premium payment language, eliminate the lock-out period for premium nonpayment, make technical changes and remove outdated program language.

**N-5.** Amendments to Chapter 105, "Juvenile Detention and Shelter Care Homes", Chapter 112, "Licensing and Regulation of Child Foster Care Facilities," and Chapter 114, "Licensing and Regulation of All Group Foster Care Facilities for Children," Chapter 115, "Licensing and Regulation of Comprehensive Residential Facilities for Children," and Chapter 116, "Licensing and Regulation of Residential Facilities for Children with an Intellectual Disability." These proposed amendments remove obsolete elements within the administrative rules, bring better alignment to current practice and implement changes required within federal law.

**N-6.** Amendments to Chapter 109, "Child Care Centers." These proposed amendments document the expectation of a pre-inspection visit prior to granting a new child care center permission to open. Pre-inspection visits occur in practice already. These amendments clarify the expectation around Department receipt of the regulatory fee during application and when and where the fee is submitted. These proposed amendments better align rules to current practice.

**N-7.** Amendments to Chapter 109, "Child Care Centers," Chapter 110, "Child Development Homes," and Chapter 120, "Child Care Homes." These proposed amendments change child abuse mandatory reporter training requirements for child care providers from once every five years to once every three years with modified expectations. These proposed amendments

remove the five-year requirement and state that certification must be maintained. Additionally, the proposed amendments require all child care providers to participate in minimum health and safety training as a preservice or orientation requirement.

The requirement for child care providers to take preservice training every five years without training credit is removed. Child care providers would be able to continue their professional development requirements without repeating the same training and may also receive credit for the training taken.

The monthly rules-in-process spreadsheet detailing all rules currently in process for implementation within SFY 2020 is enclosed.
